Front Design: The word "Chill" prominently displayed on the front of the tee represents a state of relaxation, calmness, and a laid-back attitude. The use of purple and green colours adds depth and visual interest to the design. Purple often symbolizes creativity, spirituality, and individuality, while green can signify growth, harmony, and balance. Together, these colours evoke a sense of tranquility and a connection with nature. Back Design: Unity and Friendship: The overlapping of the boys suggests a sense of togetherness, unity, and friendship. It symbolizes the idea that we are stronger when we come together and support one another. The design encourages a sense of camaraderie and the importance of building meaningful connections with others. Individuality within a Community: Each boy represents an individual, with their unique characteristics and experiences. The partial overlap signifies that while we are part of a collective community, we still maintain our individuality. It celebrates the idea that we can embrace our distinct personalities and perspectives while being part of something bigger. Growth and Transformation: The overlapping boys can also symbolize personal growth and transformation. As they partially overlap, it suggests that growth happens through interactions and learning from others. It conveys the idea that we are constantly evolving and developing through our connections and experience.

檔案中上面的圖案設計在t-shirt的背面，下面的星球配英文create your reality的圖案則設計在t-shirt的前方左邊心口位置。圖案的設計主題是閃亮的星球，星球比喻夢想、希望、機會等，圖中的女生拿著一個自己選擇的、自己喜歡的星球，不只是“自己tee自己話事”，也是“自己人生自己話事”。而在她的背後天空中同樣有很多星星等待著其他人獲取，每個人都總會遇上不同的星球，寓意只要大家想，大家都是可以“話事”的。下面的圖案加了些圍繞著星球的星星，除了令畫面更豐富，也再次強調星球的閃閃發亮。兩個圖案都是色彩繽紛，希望營造出夢幻和神奇的感覺。

作品 - 《愚樂》

## 楊焯軒

作品《愚樂》設計作品來自「愚人」概念，日常生活總要我們活著聰明，有智慧，往往容易想太多，搞得自己精神緊張，情緒低落。所以我認為人要活得輕鬆開心，就該學會適當地當一個「愚人」，不用甚麼都懂得，只要滿足於自己所懂得的。不去介意他人眼光，盡情做自己，自愚自樂。而「齊齊愚樂」作品是延續「愚人」概念，「愚人」是有感染力的，能在群體間將輕鬆快樂的氛圍擴大。而且「愚人」之間互動能為氛圍帶來更多層次，更多可能性，像細胞演化，到最後，也是本次設計作品的願景：「世界可以簡單一點，人傻一點沒關係，但活著一定要輕鬆快樂。」

此T shirt 採用了80-90年代的動畫風格。我一直覺得那個時代的動畫既新潮又有一種特別的韻味，充滿對未來的幻想。本人非常憧憬舊時代的潮流風格，因此在t shirt造型上加了很多對比強烈的顏色，字體上也特別參考了以前的霓虹logo風格。由主題的角度來看，這個tee代表了我本人難以控制的情緒性格和對舊時代的追求與興趣，希望大家喜歡。

作品以山海為題，畫面以山的靜態與浪的動態作對比，表達大自然奇妙景觀而帶來的感覺。觀眾跟隨動態曲線的活力動感而喜悅，同時畫面豐富的質感，望帶給觀眾奇妙而 Chill 的感覺。

「9maste」作品介紹：記得有一次去台灣旅行時，留意到路邊有隻狗仔在伸懶腰，然後我就立刻拿出了手機拍下了。現在，回顧那張照片，感覺那隻小狗是在做瑜伽似的，有一種放鬆慵懶卻又很可愛的感覺。瑜伽是一種可讓人放鬆和休息的運動，和 Chill 的主題環環相扣。因此我的作品結合了我看到的「在做瑜伽的小狗」和瑜伽的幾個招牌動作，畫出了 CHILL 字樣的瑜伽小狗。而 Tee 前方的「9maste」代表：「9」的同音「狗」和做完瑜伽雙手合上放在胸口前的動作 Namaste。

In this competition, I have chosen a captivating and thought-provoking design that embodies the theme of "Chill" in a unique and intriguing manner. My design features a cat lying in front of a broken fish tank with a fish in its mouth, accompanied by the title "I stay chill among mistakes." The central concept behind this design is to illustrate how the cat embodies the essence of "Chill" despite the chaotic scene surrounding it. The broken fish tank symbolizes mistakes or challenges that we encounter in life, while the fish in the cat's mouth represents the consequences or outcomes of those mistakes. The cat's relaxed and nonchalant posture conveys a sense of calmness and composure in the face of adversity. It exemplifies the idea of remaining composed and unfazed even when faced with unexpected circumstances or setbacks. The cat's expression suggests a serene acceptance of the situation, reflecting an inner peace and tranquility that we strive to achieve in our own lives. Through this design, I aim to inspire viewers to adopt a more relaxed and composed approach to life's ups and downs. It serves as a reminder that mistakes and challenges are inevitable, but it is our response to them that truly matters. By staying chill, embracing our imperfections, and finding peace within ourselves, we can navigate through life's turbulent waters with grace and resilience.

When it goes in the Google search bar, the definition pops up, “relaxed or easy-going”. Alright, so what are the most easy-going colours? First, as expected, blue — the most easy-going and popular colour, referred to calm and relaxing. Then comes black and pink. Sure. And there we have it, the most “chill” colours humans have discovered so far. A blue-black outline with a lovely pink with a calming blue, paired with a refreshing yellow to catch your eye and to quench your mental thirst with shades of cooling chills of a glass of icy lemonade in summer, lands on my design of my “chill” t-shirt. In the busy rustling streets of Hong Kong, we may have sometimes forgotten how to chill. What’s more chill than a casual tee with a cool design? You ought to chill with your full heart, ought to slow down your heartbeat, ought to steady your heart so it pumps so chilled like relaxing Lofi beats. Give yourself a chill time with this design from tedious work load of this busy city. Chill out by meditating, by seeing those adorable flowers on the side of the road when you go for a walk, by listening to that sweet melody of your favourite song, by treating yourself with your favourite drinks, by spending quality time with your precious fur babies. And by setting your mind free and flowing, you’ll find yourself cooling down, finding a sense of tranquility, like you’re floating in a peaceful sea in the warm summer air, surrounded by all those you love. And what I think is the most effective “chill” activity, is simply by putting on my favourite t-shirt with a chill design. Chill in my zone, my tee to own.

這幅繪畫作品是我從視覺藝術課中的經歷，而獲得的靈感。在課堂上，我的老師會和每位同學在生日月份慶祝生日，我非常喜歡這個特殊的時刻，老師會為壽星買了蛋糕，然後一起回到教室分享這個標誌性的瞬間，讓我們在學習之餘，也能享受生活的溫暖。作品試圖捕捉這種歡樂和友誼的舞蹈。畫中的人物代表了壽星，而他手上的畫筆和調色盤更代表了每一位選修視覺藝術的同學。蛋糕上插的不是蠟燭，而是一把畫筆，象徵著我們在中學三年裡，用畫筆創造去未來。幅幅是我藝術作品對課堂上這些寶貴時刻的回憶和對老師的致敬。希望讀者也能夠透過這幅作品那麼多快樂，同時也能夠回憶起自己曾經擁有的美好時光，learn to chill !

以慵懶的黑貓、日落、棕櫚樹來展現出Chill 嘅感覺和氛圍，用了較有質感的筆刷來繪畫，顏色方面以黑、灰、深綠、深藍等較為沉的顏色，令人感覺放鬆、舒服，所呈現畫中的風景上就像貓一樣令人進入美鄉，而感到Chill，也在顏色方面加上較亮的黃色和紫色，在畫面上增加亮點，更為豐富，Chill在有心身上的放鬆。

I call this design "Street Beach" because the genres I chose are street art graffiti and beach coast. The reason why I chose these sharp-triangled glasses instead of normal glasses is because they represent that the person wearing them is bold and confident. Sharp and black glasses make people feel confident, so why not add them to the shirt? Sunglasses give off an effect when the shirt is worn; it instantly makes you ten times cooler. Not only that, ice cubes represent the cold, and people like them because they cool them off; this is a pun. The design of a shirt is an ice cube surfing onto the neon sea. The shirt design captures the essence of being "chill" with an ice cube. The ice cube symbolizes relaxation and refreshing, while the chosen colors of blue, pink, and green evoke a sense of calmness. The abstract shapes and lines surrounding the ice cube make a dynamic element, representing a balanced and composed attitude. The words written represent the genre I am looking for. I made the back very vibrant because sometimes life gets dull, and that is not cool. The imperfect annotations on the design represent that not everything needs to be perfect to be sold; the lines may not be straight, but they give off the playful effect of this shirt, and they also strengthen my genre of street graffiti.

運動尤其是游泳能令人身心愉快感到放鬆，所以我便以可愛的游泳圈作為泳池，再用黃色小人代表它們在游泳中感到放鬆以及快樂，同時這也像是派對現場，所以便用了派對常出現的雞尾酒作為泳池的水，最後展示出一副輕鬆愉快的場景。

This artwork displays an array of elements, ranging from the earth to an uncharted section of the galaxy. This composition embodies my interpretation of the term "chill," which refers to the feeling of being completely engulfed in the tranquility of one's own thoughts. The pink face, the artwork's central figure, stands in for our consciousness when we choose to unwind and relax. The asteroid orbiting the planet is a metaphor for our life's problems and challenges, which are as weighty as stones. They are depicted in this artwork in a dispersed, floating form, signifying the relief we feel when our worries are lifted. The planets, space, and spaceman stand in for our journey and adventures when we are in a "chilled" state, gathering the bravery to pursue our dreams amidst the chaotic environment of our lives. In summary, this work illustrates how imaginative and creative humans can be when given the freedom to relax and escape from the harsh outside world, to chill, allowing us to do as we choose.

我的T恤設計以chill的元素為基礎，並以深藍色作為背景色。中心是一位穿著校服的女生，她開心地跳躍在空中，代表著勇於冒險和突破，無畏困難和挑戰。她的表情展現出積極樂觀的態度，鼓勵人們在面對困難時保持希望和喜悅。女生背後的太陽散發出耀眼的光芒，代表著光明和希望，提醒著人們即使在黑暗中也能找到光明的道路。而T恤的底部則呈現香港的獨特地標，如太平山山頂和中銀大廈。我希望這件T恤的設計能夠傳達出勇氣、希望和積極的情感給人們。在面對挑戰時，無論何時何地都能夠保持勇氣和希望，並樂於跳出自己的舒適圈，追求自己的夢想。這款T恤將成為一個提醒和激勵人們的力量，讓他們記住挑戰是成長的機會。

由於很多國家開始普及大麻合法化，香港也開始流入了大麻，在酒吧可能會見到，另外吸食大麻也會令人記憶力衰退，影響大腦健康，所以我希望香港能全面禁食大麻，讓香港這個城市No Weed,讓人得到啟發，所以在作品中強調了No weed這個想法。
